Le consegne dei prodotti Valsir vengono effettuate a confezione.

Eventuali richieste non corrispondenti saranno arrotondate, senza preavviso, alla confezione o multipla di essa.

Valsir S.p.A. si riserva il diritto di modificare in qualsiasi momento, le caratteristiche dei prodotti illustrati nel presente listino. I colori riprodotti nel presente listino sono indicativi.

Per conoscere le condizioni di vendita, i termini di garanzia ed esprimere il vostro giudizio di gradimento su Valsir, vi preghiamo di fare riferimento alla Carta dei servizi (fascicolo L02-416) o alla sezione "SUPPORTO" del sito web [www.valsir.it](http://www.valsir.it).

Si invitano tutti gli utilizzatori a segnalare eventuali osservazioni.

*Valsir products are delivered according to the package quantity specified in this price list.*

*Product requests not matching our package quantities will be rounded up, to the package quantity or a multiple of the same. Valsir S.p.A. reserves the right to modify the characteristics of the products shown in this price list at any time. The colours in this price list are shown for representation purposes only.*

*To learn more about our sales conditions, warranty terms and to send us your opinion of Valsir, please refer to our services Card (booklet L02-416) or the "SUPPORT" section of our web site [www.valsir.it](http://www.valsir.it).*

*Please feel free to notify us your comments.*

*Les livraisons des produits Valsir sont effectuées au conditionnement complet. Toutes commandes ne correspondant pas au conditionnement seront arrondies sans préavis au conditionnement supérieur.*

*Valsir S.p.A. se réserve le droit de modifier à tout moment les caractéristiques des produits présentés sur ce tarif.*

*Les couleurs reproduites dans ce tarif sont à titre indicatif.*

*Pour connaître les conditions de vente, les termes de garantie et exprimer son niveau de satisfaction sur Valsir, nous vous prions de vous reporter au Document des services (fascicule L02-433) et à la section "SUPPORT" du site web : [www.valsir.fr](http://www.valsir.fr).*

*Nous invitons tous les utilisateurs à nous faire part de leurs éventuelles observations.*

## TROPEA S: LA PIÙ PERFORMANTE DI SEMPRE

*TROPEA S: THE MOST HIGH-PERFORMANCE FLUSH CISTERN EVER*

*TROPEA S : LA PLUS PERFORMANTE DEPUIS TOUJOURS*

### CARATTERISTICHE

- Connessione idrica girevole, per facilitare e velocizzare l'installazione.
- Connessione ispezionabile al 100%.
- Componenti interni realizzati con materiali che ritardano l'aggressione del calcare.
- Componenti ottimizzati per una manutenzione ancora più agevole.
- Componenti interni unificata con Winner S, Cubik S, Tropea3 e Corallo3 per una gestione ottimale dei ricambi.
- Versatilità negli azionamenti con possibilità d'azionamento meccanico, pneumatico o elettronico.
- Spessore di 84 mm.
- L'assieme del rubinetto d'arresto e del rubinetto galleggiante è certificato in classe I di rumore secondo ISO EN 3822.

### CHARACTERISTICS

- *Rotating water connection fitting for a fast and simple installation.*
- *Connection 100% accessible.*
- *Internal components made of materials that delay the attack of limestone.*
- *Optimized components for an assisted maintenance even further.*
- *Internal components unified for Winner S, Cubik S, Tropea3 and Corallo3 for an improved management of spare parts.*
- *Extreme Versatility: suitable for mechanical, electronic and pneumatic activation systems.*
- *Thickness 84 mm.*
- *The combination of the stop valve and the floating valve is certified in noise class I according to ISO EN 3822.*

### CARACTÉRISTIQUES

- *Connexion hydrique rotative pour faciliter et accélérer l'installation.*
- *Connexion inspectable à 100%.* Composants internes réalisés avec des matériaux qui retardent l'agression du calcaire.
- *Composants optimisés pour un entretien encore plus facile.* Composants internes standardisés avec Winner S, Cubik S, Tropea3 et Corallo3 pour une gestion optimale des pièces de rechange.
- *Polyvalence dans les actionnements avec possibilité d'actionnement mécanique, pneumatique ou électronique.*
- *Épaisseur de 84 mm.*
- *L'ensemble du robinet d'arrêt et du robinet à flotteur est certifié en classe I de bruit selon l'ISO EN 3822.*

## WINNER S: LA RIVOLUZIONE NEI SISTEMI DI RISCIAQUO

### WINNER S: THE REVOLUTION IN FLUSHING SYSTEMS

### WINNER S : UN SYSTÈME DE RINÇAGE RÉVOLUTIONNAIRE

#### CARATTERISTICHE

- Il materiale del contenitore assicura un elevato assorbimento delle vibrazioni acustiche.
- Possibilità di installazione a 3 diverse altezze: 800, 880 e 1140 mm.
- I materiali dei componenti interni ostacolano la formazione del calcare.
- Il raccordo d'alimentazione girevole facilita e velocizza l'installazione.
- Componenti interni unificati con Tropea S e Cubik S.
- I componenti interni sono certificati secondo la ISO EN 3822 in classe I di silenziosità a 3 e 5 bar.
- La regolazione dello scarico è a 6/3, 4,5/3 e 4/2 litri nel rispetto della salvaguardia delle risorse e dei principi del green building.

#### CHARACTERISTICS

- *The material used for the tank ensure a high vibration absorption.*
- *Flexibility of installation; it can be installed at 3 different heights: 800, 880 and 1140 mm.*
- *Internal component materials prevent the conformation of limescale.*
- *Swiveling connection fitting makes installation easier and quicker.*
- *Same internal components as Tropea S and Cubik S.*
- *Internal components compliant with the ISO EN 3822 noise level class I certification at 3 and 5 bar.*
- *According to the Green Building philosophy flush volume of 6/3, 4.5/3 and 4/2 liters in order to reduce water consumption.*

#### CARACTÉRISTIQUES

- *Le matériel du boîtier assure une absorption élevée des vibrations sonores.*
- *Possibilité d'installation selon 3 hauteurs différentes : 800, 880 et 1140 mm.*
- *Les matériaux des composants internes empêchent la formation du calcaire.*
- *Le raccord d'alimentation pivotant facilite et accélère l'installation.*
- *Composants internes standardisés avec Tropea S et Cubik S.*
- *Les composants internes sont certifiés selon la norme ISO EN 3822 avec classe I de niveau de bruit à 3 et 5 bars.*
- *Le réglage de chasse d'eau est à 6/3, 4,5/3 et 4/2 litres conformément aux normes de sauvegarde des ressources et des principes d'une approche écologique de la construction.*

Lined writing area with 20 horizontal lines. The top 10 lines are pre-filled with the following icons from left to right: a vertical bar, a swastika, a crescent moon, a flame, a bird, a teardrop, a stylized 'U' shape, a water drop, and a triangle.

## CUBIK S: LA CASSETTA DI RISCIACQUO COMPATTA E SILENZIOSA

### CUBIK S: THE COMPACT AND SILENT FLUSH CISTERN

### CUBIK S : LE RÉSERVOIR DE CHASSE COMPACT ET SILENCIEUX

#### CARATTERISTICHE

- Il materiale del contenitore assicura un elevato assorbimento delle vibrazioni acustiche.
- Possibilità di installazione a 2 diverse altezze: 880 e 1060 mm.
- Installazione in spazi estremamente contenuti: solo 300 mm di larghezza.
- I materiali dei componenti interni ostacolano la formazione del calcare.
- Il raccordo d'alimentazione girevole facilita e velocizza l'installazione.
- Componenti interni unificati con Tropea S e Winner S.
- Placche installabili nella versione meccanica e pneumatica, sia frontale che dall'alto.
- I componenti interni sono certificati secondo la ISO EN 3822 in classe I di silenziosità a 3 e 5 bar.
- La regolazione dello scarico è a 6/3 e 4.5/3 nel rispetto della salvaguardia delle risorse e dei principi del green building.

#### CHARACTERISTICS

- The material used for the tank ensures a high vibration absorption.
- Flexibility of installation; it can be installed at 2 different heights: 880 and 1060 mm.
- It fits also in narrow spaces, only 300 mm depth.
- Internal component materials prevent the conformation of limescale.
- Swivelling connection fitting makes installation easier and quicker.
- Same internal components as Tropea S and Winner S.
- Pneumatic and mechanical flush plates can be installed either in-wall or under the counter (from above or from the front).
- Internal components compliant with the ISO EN 3822 noise level class I certification at 3 and 5 bar.
- According to the Green Building philosophy flush volume of 6/3 and 4.5/3 liters in order to reduce water consumption.

#### CARACTÉRISTIQUES

- Le matériel du boîtier assure une absorption élevée des vibrations sonores.
- Possibilité d'installation selon 2 hauteurs différentes : 880 et 1060 mm.
- Espace d'installation très réduit : une largeur de 300 mm est bien suffisante.
- Les matériaux des composants internes empêchent la formation du calcaire.
- Le raccord d'alimentation pivotant facilite et accélère l'installation.
- Composants internes standardisés avec Tropea S et Winner S.
- Plaques pouvant être installées en version mécanique et pneumatique, aussi bien en face que depuis le haut, et électronique.
- Les composants internes sont certifiés selon la norme ISO EN 3822 avec classe I de niveau de bruit à 3 et 5 bars.
- Le réglage de chasse d'eau est à 6/3 et 4.5/3, conformément aux normes de sauvegarde des ressources et des principes d'une approche écologique de la construction.

# PLACCHECOMANDO

PUSH PLATES - PLAQUES DE COMMANDE

## PLACCHE E COMANDI: IL NATURALE COMPLEMENTO DI UNA CASSETTA VALSIR

*PUSH PLATES: THE NATURAL COMPLEMENT FOR A VALSIR CISTERN*

*PLAQUES ET COMMANDES : LE COMPLÉMENT NATUREL D'UN RÉSERVOIR DE CHASSE VALSIR*

Con uno stile rigoroso ed essenziale, Valsir abbina alle proprie cassette nelle linee Valley e Classic una serie di placche e comandi prodotti in varie finiture attraverso l'impiego di ABS o metallo.

Le placche e i comandi Valsir rispondono a criteri di massima funzionalità e assumono un ruolo rilevante nell'estetica espressa dal posizionamento del WC nel locale bagno.

Il catalogo Valsir offre innumerevoli opportunità d'arredo per abbinare alla cassetta di risciacquo una placca o un comando pneumatico che soddisfino più esigenze: praticità, risparmio d'acqua, estetica e funzionalità. Inoltre, vengono offerti una serie di accessori per garantire il massimo supporto tecnico nella scelta dei componenti.

*With a scrupulous and essential style, Valsir complements the Valley and Classic range of flush cisterns with a series of push plates and actuators in various finishes, through the use of ABS and metal.*

*The Valsir push plates and actuators satisfy criteria of maximum functionality and take on a significant role in aesthetics expressed by the position of the WC within the bathroom.*

*The Valsir catalogue offers numerous furnishing opportunities to complement the flush cistern with a push plate or pneumatic actuators, which satisfies several requirements: practicality, water saving, colour, functionality. Furthermore, a series of pneumatic mechanisms and pipe connections are offered to guarantee maximum technical support in the choice of the components.*

*Avec un style rigoureux et essentiel, Valsir combine à ses réservoirs de chasse dans les lignes Valley et Classic une série de plaques et commandes produits en différentes finitions à travers l'emploi d'ABS ou de métal.*

*Les plaques et les commandes Valsir répondent aux critères de fonctionnalité maximale et jouent un rôle important dans l'esthétique exprimée par le positionnement du WC dans la salle de bain.*

*Le catalogue Valsir offre de nombreuses opportunités de décoration pour combiner au réservoir de chasse une plaque ou une commande pneumatique qui satisfait à plusieurs exigences : ergonomie, économie d'eau, esthétique et fonctionnalité. En outre, la société offre une série d'accessoires pour garantir le maximum support technique dans le choix des composants.*

### **STRUTTURE: PER OGNI TIPOLOGIA D'INSTALLAZIONE** *MOUNTING FRAMES: FOR EVERY TYPE OF INSTALLATION* *STRUCTURES : POUR CHAQUE TYPE D'INSTALLATION*

Valsir propone tre differenti tipologie di strutture per ogni esigenza d'installazione.

La linea Fixsystem è realizzata in lamiera zincata e le linee Block e Block autoportante sono in tubolare protetto alla corrosione.

Progettate e costruite per offrire più soluzioni d'installazione, le strutture Fixsystem, Block e Block autoportante assicurano affidabilità e semplicità di montaggio.

*Valsir offers three different frame types capable of satisfying all installation requirements.*

*The Fixsystem range is made of galvanized sheet metal and the Block and free-standing Block frames are made of tubular metal protected from corrosion.*

*Designed and built to offer several installation solutions, the Fixsystem, Block and free-standing Block frames ensure reliability and easy installation.*

*Valsir propose trois différentes typologies de structures pour satisfaire à toute exigence d'installation.*

*La ligne Fixsystem est réalisée en tôle zinguée et les lignes Block et Block autoportante sont en tubulaire protégé contre la corrosion.*

*Conçues et construites pour offrir plusieurs solutions d'installation, les structures Fixsystem, Block et Block autoportante assurent fiabilité et simplicité de montage.*

## **UN CLASSICO SENZA TEMPO** *A TIMELESS CLASSIC* *UN CLASSIQUE INTEMPOREL*

### **CARATTERISTICHE**

- Ampia gamma di soluzioni per qualsiasi tipologia di installazione.
- Possibilità del doppio comando per la scelta dello scarico totale o parziale.
- Possibilità di pneumatizzazione.
- Tutta la gamma è munita di foderina anti-condensa.
- Possibilità di installazione a bassa, media e alta posizione.
- Possibilità di abbinamento a vaso monoblocco.
- Modello specifico per locali pubblici, caratterizzato da coperchio antibruciatore di sigaretta.
- Utilizzo di materiali plastici con additivi anti ingiallimento.
- Rumorosità limitata.
- Design innovativo.
- Approvato dai più importanti Istituti di Certificazione mondiali in accordo alle diverse normative nazionali ed internazionali.

### **CHARACTERISTICS**

- *Wide range of solutions for all types of installations.*
- *Possibility of dual flush with the choice of a full or partial flush volume.*
- *Possibility of pneumatic flush.*
- *The entire range is supplied with an anti-condensation lining.*
- *Possibility of low, medium and high position installation.*
- *Possibility of use with close-coupled pan.*
- *Specifically designed for public toilets, characterised by cigarette burn resistant lid.*
- *Use of plastic materials with anti-yellowing additives.*
- *Limited noise levels.*
- *Innovative design.*
- *Approved by the most important Certification Institutes worldwide in compliance with the various national and international standards.*

### **CARACTÉRISTIQUES**

- *Ample gamme de solutions pour toute typologie d'installation.*
- *Possibilité de double commande pour le choix d'évacuation totale ou partielle.*
- *Possibilité de conversion pneumatique.*
- *Toute la gamme est dotée d'un fourreau anticondensation.*
- *Possibilité d'installation en position basse, moyenne et haute.*
- *Possibilité d'association à un w.c. monobloc.*
- *Modèle spécifique pour locaux publics, caractérisé par un couvercle antibrûlure de cigarette.*
- *Utilisation de matières plastiques avec des additifs anti-jaunissement.*
- *Bruit limité.*
- *Design novateur.*
- *Approuvé par les plus importants organismes de certification mondiaux en accord avec les différentes normes nationales et internationales.*
